

# Report – DD2414 – Spring 2023

## DD2414 Engineering project in Robotics, Perception and Learning 15.0 credits

### **1. Course analysis carried out by (name, e-mail):**

Patric Jensfelt, [patric@kth.se](mailto:patric@kth.se)

The one project with one student that was started during the spring of 2023 is ongoing. It runs roughly at the pace of DD2411, ie over a full year.
