

**Course analysis carried out by (name, e-mail):**

Niclas Hjelm, niclash@kth.se

**COURSE DESIGN**

**Briefly describe the course design (learning activities, examinations) and any changes that have been implemented since the last course offering.**

49 lektionspass (2h)

2 tentamina

3 kontrollskrivningar

**THE STUDENT'S WORKLOAD**

**Does the students' workload correspond to the expected level (40 hours/1.5 credits)? If there is a significant deviation from the expected, what can be the reason?**

Studenternas arbetsinsats är i paritet med den förväntade. Det är dock stor spridning mellan individer, vilket kan förklaras med att det föreligger stora skillnader i förkunskaper.

**THE STUDENTS' RESULTS**

**How well have the students succeeded on the course? If there are significant differences compared to previous course offerings, what can be the reason?**

Examinationgraden är i paritet med tidigare kursomgångar.

**OVERALL IMPRESSION OF THE LEARNING ENVIRONMENT**

**What is your overall impression of the learning environment, for example in terms of the students' experience of meaningfulness, comprehensibility and manageability? If there are significant differences between different groups of students, what can be the reason?**

Studenterna är överlag nöjda med kursen.

Studenterna vill ha gruppövningar även i denna kurs (av samma slag som de har i HF0022 – Fysik för basår I).

**ANALYSIS OF THE LEARNING ENVIRONMENT**

**Can you identify some stronger or weaker areas of the learning environment? Do they have an explanation?**
